

## YELLOW SUBMARINE

**G7!**                      **C!**                      **F!**                      **G7!**  
In the town where I was born lived a man who sailed to sea  
**G7!**                      **C!**                      **F!**                      **G7///**  
And he told us of his life, in the land of submarines  
**G7///**                      **C///**                      **F///**                      **G7///**  
So we sailed on to the sun til we found the sea of green  
**G7///**                      **C///**                      **F///**                      **G7///**  
And we lived beneath the waves in our yellow submarine

**C///**                      **G7///**  
We all live in a yellow submarine  
**G7///**                      **C///**  
Yellow submarine, yellow submarine  
**C///**                      **G7///**  
We all live in a yellow submarine  
**G7///**                      **C///**  
Yellow submarine, yellow submarine

**G7///**                      **C///**  
As we live a life of ease (*life of ease*)  
**F///**                      **G7///**  
Every one of us, has all we need, (*has all we need*)  
**G7///**                      **C///**  
Sky of blue (*sky of blue*) and sea of green (*sea of green*)  
**F///**                      **G7///**  
In our yellow (*in our yellow*) submarine

[CHORUS x 2]
